

# TESTIMONIAL

*Summer 2021*

JCU Center for Career Services

My name is Elena Santoro and this Spring I graduated from John Cabot University with a degree in **Communications** and Minors in **Psychology** and **English literature**.

In Spring 2019, I did a for-credit internship at the **JCU Communications Department**. My tasks included organizing and promoting the **events on campus** by writing **press releases** in English and Italian, managing **social media**, and building a list of contacts.

Right before graduation, I applied through the Center for Career Services for a position with **EUROCONTROL**, an international organization based in Brussels that manages air traffic across Europe. I was selected by the company and obtained a paid traineeship. **I will be part of their Communications team and live in Brussels for a year after graduation, while being trained by professionals in the field.**

I am really grateful to the Center for Career Services because at the age of 21 I am already gaining work experience that, combined with my academic knowledge, will be essential for my future career.
