

*The JCU Institute for Entrepreneurship presents:*

# Gabriele Paglialonga

– Entrepreneur –

**Regional Coordinator, ItaliaCamp**

Gabriele Paglialonga is an expert in the field of innovation and product management. He has worked for six years as innovation consultant in the industry of construction and renewable energies, helping clients imagine, create, and launch new products. Gabriele's outstanding academic career includes a Master Degree in business communication from the LUMSA University of Rome, an MBA with distinction from Hult International Business School in Boston, and relevant business classes around Europe. Gabriele is the author of several articles on innovation management and the co-founder of the mobile start-up Medygo. He also worked in the Sales and Marketing Department at General Motors, and is currently serving as regional coordinator for the business association ItaliaCamp.
