

The JCU Institute for Entrepreneurship presents:

Valerio Viscardi

Technical Marketing Manager, Cisco

Valerio Viscardi joined Cisco in January of 2000 through Cisco acquisition of Pirelli Optical Systems division. As part of his job responsibilities, he was responsible for optical technology scouting with a main focus on optical switching. Valerio joined Cisco's OTBU Technical Marketing organization at the end of 2007, based in Monza (Italy). He is now part of Cisco SP Architecture team, responsible for Core and Packet Optical Business Development in EMEA.
