

Presidential Lecture

Cooking dinner sounds innocent enough.
A wood fire even sounds romantic.

But open flame cooking causes almost
4 million deaths per year. And that's
only one of the problems.

*Please join us to discuss a great response to this critical,
but little-known problem.*

Wednesday, November 12, 2014

5:00 pm

JCU Tiber Campus, Tiber Café, Lungotevere Sanzio 12

Sharon Ketchum, Public Affairs Officer

United States Mission to the United Nations Agencies in Rome

RSVP: events@johncabot.edu
