

How to Register for a German Class

Students who have already taken German and plan to continue at John Cabot University should take the German Placement Test before registering for a German class. This test is available online year-round; for the most accurate placement recommendation, take it just before the semester you actually plan to study the language.

The German Placement Test is divided into three parts. Your previous knowledge of German will determine which parts of the exam you will need to take:

- o Take Part A of the Placement Test if you have had 1 semester of German instruction.
- o Take Parts A and B of the Placement Test if you have had 2 semesters of German instruction.
- o Take Parts A, B and C of the Placement Test if you have had 3 semesters of German instruction.

If you have little or no previous exposure to German, register for Introductory German I (GER 101); there is no need to take the test.

If you want to register for a German class:

1. Print these instructions so that you can refer to them later.

3. You will receive your test score and enrollment recommendation within 7 working days after taking the test.
