

Career Services Internship Testimonial

Marianna Griffini
Study Abroad from George Washington University
Summer session 1, 2010 Internship with the Guarini Institute for Public Affairs

My name is Marianna Griffini and I had the pleasure of being the intern of the Guarini Institute for Public Affairs for Summer Session I 2010. I am an International Affairs major at the George Washington University (Class of 2013) and, eager to undertake a new and dynamic educational experience, I decided to apply for this internship.

You should be basically endowed with an interest in International Affairs and History and with good organizational skills. I carried out basic logistic tasks (updating the Guarini Institute mailing list, sending out invitations, and writing the reports of the events we hosted), but, at the same time, I had the opportunity of strengthening such skills.

The events hosted by the Guarini Institute are all remarkable for their political and historical relevance; I especially appreciated Dr. Esther Brimmer's discussion about the global challenges the world is facing nowadays. It was amazing and involving to attend the lecture given by the Assistant Secretary of State for International Organizations! I strongly recommend to apply for the internship at the Guarini Institute if you are interested in organizing and attending great events!
