Students with different high school diplomas and or transfer credits will have variations in their courses taken at JCU but would follow the same set of courses at Unimi. The program of study will be determined with a JCU Advisor.

Entry into the Program

Entry into the program is limited to 3 currently enrolled JCU students. Students may apply to the JCU-Unimi program during the second semester of their sophomore year if they have been following the program's curriculum. Interested students should refer to Professor Peter Sarram (psarram@johncabot.edu) or the Academic Dean, Mary Merva (deansoffice@johncabot.edu) should they be considering the program before March 1st of each spring. Students must have a minimum cumulative grade point average of "B" or 3.00/4.00 and be proficient in Italian. An Admissions Committee selects the students; students will be notified by March 31st.

Housing and Student Services

Students in the program are responsible for their own housing though each university has housing offices to facilitate finding comfortable accommodations for foreign students - see [Milan Housing](#). Students have access to all student services afforded by each university when studying at each respective university.

Application, Tuition, and Registration
