Executive Director at Humilitas ASCS Program

ASCS- Agenzia Scalabriniana per la Cooperazione allo sviluppo

"The Career Services Center has opened the doors to John Cabot University, the hub of young professionals ready to face humanitarian work and volunteering. For three years in a row, we participated in Career Fairs and the JCU events, which have always ended with the creation of fruitful networks and the discovery of exceptional young talents, guided by the immense enthusiasm for human rights. The interns we met and hired continue to collaborate with us, developing their projects, co-managing the interventions to reducing the social conflicts, involving their valuable knowledge in support of migrants around the world. JCU helped us to enrich our family of professionals, becoming our precious partner."
