COMPANY TESTIMONIAL

Maria Chiara Pavarani
Recruiter at Caffeina Spa

“Caffeina Spa has a consolidated collaboration with John Cabot University. All JCU students have some common characteristics: they are curious, willing to challenge themselves, and healthily ambitious in their professional goals. We had several interns from JCU and we hired some of them after their internship period.

We work with numerous Italian and foreign universities, but our collaboration with JCU stays one of the most important. Sometimes we need to recruit new candidates quickly and unexpectedly. Therefore, the possibility to receive immediate applications, in line with our needs, strengthens our relationship with JCU, based on trust and respect.”
