

TESTIMONIAL

Spring 2020

JCU Center for Career Services

My name is Federica Biasin and I graduated from **John Cabot University in 2018** with a major in **Political Science** and minor in **Psychology**. In September 2019, thanks to the help of the University's Career Services Center, I had the opportunity to work with **Il Sole 24 Ore Media factory** in Rome.

There, I was assigned to various tasks ranging from **translating news** to the **subtitling of video content**. However, most importantly, this incredible work experience gave me **exposure to the multi-faceted operations of a newspaper**, including coming up with **story ideas for news reports**, **providing research support**, and **writing content** for the Media Factory digital platform.

I strongly believe that having the possibility to work in such a **dynamic work environment alongside true professionals** is the **perfect opportunity to learn, challenge yourself, and develop concrete skills**. For these and many more reasons, I would recommend this internship to every John Cabot student interested in the field!
