

TESTIMONIAL

Spring 2018

JCU Center for Career Services

My name is **Chiara di Vito**, a 21-year-old **Marketing and Communications** major at **John Cabot University**. I had the opportunity to do an internship at “**Assodonna**” **Association** through JCU’s **Center for Career Services**. The Career Services Director, Antonella Salvatore, and her staff helped me write my resume and sent it to the companies.

I decided to apply for “Assodonna,” an organization that focuses on the **power of women in technology, art, and culture**. I chose this internship because I love writing and I wanted to learn how to use communication tools to **promote the company’s values**, and to effectively **create a website**. Another reason why I decided to work with Assodonna is because I wanted to learn new communications and marketing strategies, that could also be beneficial for my family business one day.

My experience at Assodonna has been very valuable, I have learned how to write articles for website and social media platforms. Moreover, I had the possibility to pursue my degree while gaining valuable work experience.

Chiara di Vito
