

# TESTIMONIAL

*Spring 2020*

**JCU Center for Career Services**

Hello! My name is Kseniia Osadcha and I am a **Communications major** at John Cabot University.

For all my life, I have been dreaming of becoming a journalist. As a student at John Cabot University, I have taken every available journalism course to help me learn a lot about the profession in general, but I was sure that I needed to get experience in the field as well. This February my dream started to come true.

I feel very thankful towards the Center for Career Services at John Cabot University, which assisted me all the way through my application and helped me to write an effective resume and cover letters.

I have taken part in all the Career Fairs that JCU Career Services organizes. They were a great opportunity to hone my professional interviewing skills. But I will always remember the day that I received the message from Career Services asking me if I wanted to apply for an internship with **Eurovision Italy**. I had no doubts: I wanted to apply and get that opportunity.

A few weeks later, I had the job interview and I obtained the internship, which is finishing in May. I immediately felt that I was taking a step in the right direction. Eurovision Italy aims to be the first choice media services provider for event organizers, media organizations, and sport federations and **it has been an honor working with such a professional team. I have learned a great amount.**

My activities at Eurovision Italy are **finding, confirming, researching, and reporting news stories, preparing news service scripts, conducting and assisting with preliminary interviews, and selecting footage.** It has been a very valuable experience that I will remember forever and that I am sure will have a very big impact on my future career. The advice that I would give to students is to not be afraid, apply for the internship you want and do your best. It will be an unforgettable experience. **Good luck!**
