

Each year, JCU's Italy Reads Program awards scholarships to Italian high school teachers to participate in a Professional Development Course (30 hours) on the work of American literature selected for the subsequent year. Recipients of this award prepare sample lesson plans to share with their colleagues and their students.

Italy Reads 2020-2021 Rachel Carson's *Silent Spring* Professional development scholars teach at 17 different schools. We look forward to working with these dedicated teachers as well as with their many colleagues throughout Italy who will include their students in activities with the JCU Community during 2020-2021 for another exciting year with Italy Reads.

The Professional Development Course will meet weekly at JCU during the Spring term and the outcome of the course will be shared at the Teacher Training Workshop at JCU on 11 September 2020. This workshop will be open to all high school teachers interested in discussing Rachel Carson's *Silent Spring* with their students next year.
